# DOG ATTACKS

Due to recent events, it is important that we remind members of their obligations if their dog is involved in an attack on another dog or person, at any time, including on club grounds.

If your dog attacks another dog at any time, you will be liable for all fees incurred (eg Vet and medicine).

In the case that the incident occurs on club grounds, the club has no responsibility. The matter is purely between the owners of the dogs involved. The club will assist either party where we can, after the incident.

If you fail to obey to this condition the case can be brought before the Small Claims Court.

Dogs who are wearing fluoro green jackets are reactive to other dogs.

Please give these dogs space.
